

California Science Center Videos – used to prepare students for a trip or as a virtual fieldtrip to better understand the center and how it works.

How part of the Kelp Tank was made:

<http://www.youtube.com/user/CalScience?ob=0#p/u/31/AmGJUprvMCo>

Here is Dr. Chuck talking about the Kelp Exhibit (pre-opening):

http://www.youtube.com/watch?v=Bhod6D_gP3c

a video about life support in ecosystems:

<http://www.youtube.com/user/CalScience?ob=0#p/u/34/nuOC3YXMFj8>

Dr. Chuck talking about Kelp Tank specifically:

<http://www.youtube.com/user/CalScience?ob=0#p/u/30/gCQJobz2U6U>

Dr. Chuck talking about creating habitats in Ecosystems:

http://www.youtube.com/user/CalScience?ob=0#p/u/32/5c5MbyFt_Ro

Dr. Chuck talking about sound effects:

<http://www.youtube.com/user/CalScience?ob=0#p/u/33/7fHYg2rpM1g>

This is a nice overview of the whole science center by a third party...
